## The ultimate luxury design magazine

STIJLVOL WONEN was revamped in fall 2024. It combines the best of both worlds: Eigen Huis & Interieur and Feeling Wonen were merged with Stijlvol Wonen to form a new high-end design title.

The magazine positions itself prominently within the high-end, luxury quality segment and generating a very wide reach.

STIJLVOL WONEN magazine provides an unrivalled source of inspiration for interior professionals and consumers who are looking for the latest trends and timeless designs.

Choose between a Dutch (205,000 readers) & a Belgian edition (167,000 readers). Same content, different covers & ads.
