

The financial and stock exchange portal with the widest reach in Germany

FINANZEN.NET is the most comprehensive and fastest growing portal for finance and stock exchange in Germany. FINANZEN.NET provides daily data on current developments on the world markets. Realtime-push-prices for indices, commodities and foreign exchange improve the profile in addition to information on shares, companies, certificates, funds and the economy. Interactive tools for chart analysis, sample depots and personal message pages enable a customizable offer.
