Price Quotes

Rates per thousand copies started. Rates for special ad formats may increase if their processing causes problems. Special ad formats from more than one advertiser are possible following special agreement. Weight-related postal fees charged by the German Post for booking the subscription circulation are included in these prices. If the minimum booking quantity is not reached, the minimum booking quantity is used as the basis for calculating the price.

Circulation

For technical reasons the booked circulations are subject to fluctuation. For this reason the quantity of special ad formats actually required must be determined when placing the order. Different versions in the same issue are only possible on request.

Technical
Information and
Delivery

Binding technical information, deadlines, samples, as well as delivery can be downloaded from www.adspecial-portal.de. An inquiry regarding the circulation can also be placed through the portal. In the event of any processing difficulties, the completion of the circulation takes precedence over the special ad format.

Print Service

On request, the special ad formats can be produced by the publisher. Prices on request.

The total prices also apply when booking the domestic circulation.

All rates are shown in euros; the rates are in effect from 1 January 2025 for bookings through RTL AdAlliance; value added tax will be charged on the net invoice amount if applicable.

We love animals! But we love their offspring even more. They play a role in every animal story in GEOLINO MINI: how they open their eyes for the first time as clumsy balls of fur or spread their wings and leave their parents' nest, or how they grow up for years to come in the family circle and compete with their peers. There is always something going on in the "Kindergarten of the Animals"! That is why we would like to dedicate an entire issue to the little ones: The GEOLINO MINI supplementary issue "Animal Babies" takes young readers on an exciting journey to local lakes, to meadows and pastures, to the African savannah and the exciting rainforest. There are brilliant photos on every page, lots to discover and plenty of facts to know better. The booklet inspires with its insights into the diversity and uniqueness of nature: to read, laugh and learn!
